JUNE YOUNG OAM, JP

FOR MAYOR

Liverpool Community Independents Team

WHAT WE WORK TOGETHER TO ACHIEVE FOR LIVERPOOL

- Increase Car parking facilities in Liverpool CBD
- Increase budget funding for roads and footpaths –
- Purchase a “Pot Hole Machine” for urgent repairs to roads, car parks etc.
- Improve maintenance of parks, playground, sports fields and amenities
- Control development and plan for the future properly.
- Support the Refurbishment and facilities of Collingwood House/Museum
- Promote the Heritage of Liverpool.
- I believe the Liverpool Council has over the past four years achieved a great deal, but with planning and commitment, much more can be achieved.
- Liverpool is a great city, with great potential, wonderful citizens and a bright future.
- Let us all work together to make Liverpool the best place, to live, work and play together.
- I would be a full time Mayor or Councillor working at all times for the benefit of the residents.

- Service to the Community through Quota and Greenway Rotary
- (Nominated by Mrs. Danna Vale MP, Member for Hughes)

❖ 2011 **ORDER OF AUSTRALIA MEDAL (OAM)**

- For “Service to the community through a range of Women’s, local government, business and ex-service organizations”

JUNE YOUNG - MAJOR ISSUES FOR LIVERPOOL

Some of the major issues I see at the forefront are:

- ✓ *I am totally opposed to the proposed Freight Intermodal Terminal for both the Military District and the surrounding residents of Moorebank and Wattle Grove.*
- ✓ *Support for the Racing Fraternity of Warwick Farm regarding the traffic problems being experienced in this area.*
- ✓ *I would advocate for the reintroduction of a Tourist Information Centre at the Liverpool Museum Site.*
- ✓ *I would advocate for a major planning programme for the new growth areas of Leppington, Austral to include a University Campus and major sporting venue.*
- ✓ *I believe that Council should invest in Business and Investment Portfolios (such as the current Council premises) with the income being used to aid the infrastructure for the increasing population of Liverpool*
- ✓ *I would advocate the restoration of roads and drainage within the CBD and Regional Areas.*
- ✓ *Support for “Gateway” concept, where Liverpool celebrates its role of gateway to Sydney*
- ✓ *Major planning consultation with State Government re the introduction of Cemeteries in the rural areas*
- ✓ *Advocating to make the School of Military Engineering a Heritage Listed Site.*
- ✓ *Most importantly I would be a full time Mayor and Councillor working for the Community*
