CANDIDATES FOR THE NORTH WARD

Peter Harle

Peter has been one of Liverpool's hardest working Councillors for the last four years. He was unanimously elected Deputy Mayor during 2008-2009. Peter does his best to make sure that everyone's interests are represented, and often speaks on behalf of residents and community groups at government panels.

Peter is extremely dedicated to his Council duties. He attends every possible briefing and information session and participates in a large number of Council management committees.

Peter was head teacher of Industrial Electronics at TAFE until he retired to devote his full attention to Council. He has a strong ability for logical thinking and orderly methods, which are valuable in making responsible and reasoned decisions on your behalf.

Peter has hard-won knowledge about Council, its operations and effects on ratepayers and residents. That experience allows him to make informed decisions when evaluating issues that affect you.

Peter welcomes your communications. If you have any concerns, or observe any issues that need addressing by Council, please be sure to contact him.

Peter's objectives for the next four years are to support the many improvements already achieved including:

- Improve parking facilities in the CBD
- Carnes Hill Community and Recreational Centre
- Paramour Park Recreational facilities
